TP-L4 Series

Pipe Lasers

- World’s First ultra-visible, reliable GreenBeam®
- World’s most accurate grade and leveling
- World’s First SmartLine® auto alignment system
- All in the toughest cast aluminum housing
- Built-in vertical plumb
TP-L4 Series Pipe Lasers

Your solution to guarantee you’ll get from here to there, quickly, accurately and affordably.

Topcon’s TP-L4 series of alignment lasers offer a combination of features and technology that are proven to meet the demands of contractors more than any other alignment lasers on the market.

Whether in the trenches, over-the-top, or laser guidance in mining and tunneling, the TP-L4 is the industry standard.

Super-bright beam
TP-L4’s patented GreenBeam® technology provides the brightest, most visible laser beam. It’s easily seen even in bright sunlight.

Easy-to-see display
The large, backlit LCD is sloped so you can easily see the panel without climbing into the manhole or trench.

Functional accessibility anywhere
The RC-200 remote puts all of the features at your fingertips whether you’re at the laser or up to 660 ft. away.

Tough and reliable
A utility laser has to meet the demands of tough jobsite conditions, and Topcon’s TP-L4 is by far the toughest. Its all cast-aluminum housing is sealed to keep out moisture, even when submerged. It survives even in the harshest environments.

When combined with features like SmartLine® auto-alignment, the world’s most accurate grade mechanism, power options that keep you working when other lasers have given up, it’s no wonder Topcon has set the standard.

Precision Grade Setting for Peak Production
- World’s most accurate leveling and grade system
- Survey accurate electronic encoder superior at any grade
- Reduces rework

World’s Only 3-way Beam (TP-L4GV/AV)
- Simplifies and shortens setup time
- Instant, visible plumb reference
- No more plumb bob hassles
- Quick and accurate micro-tunneling setups

Array of Power Management Choices
- Rechargeable battery
- Convenient 6 hour quick charge
- 12Vdc connection powers the laser and recharges the battery at the same time
- Alkaline battery pack option

Standard RC-200 Infrared Remote
- SmartLine® auto-alignment
- Laser “standby” to save battery power
- Beam Mode to precisely manage brightness
- Auto-Centering
- Grade Match for quick grade reference and elevation matching

SmartLine® (TP-L4GV/AV/G)
Accelerate production by making setup and alignment automatic. Patented scanning technology allows the industry’s only fast, accurate one-person automatic alignment feature: the SmartLine®.

There’s a TP-L4 just right for you...
No matter what type of pipe work you do, Topcon has a TP-L4 just right for your job and your budget.
TP-L4GV - GreenBeam® with laser plumb
TP-L4AV - Red beam with laser plumb
TP-L4G - GreenBean® with LED plumb
TP-L4BG - Economy GreenBeam® with LED plumb
TP-L4B - Economy red beam with LED plumb
Why green?
Simple. You can see our GreenBeam® anywhere and under any conditions. It’s the most visible construction laser ever! In fact, the TP-L4G GreenBeam® is four times easier to find in bright sunlight than conventional beams. So setup, grading and pipe installation is fast and easy.

Primary Features
- Up/Down laser plummet (TP-L4GV/AV)
- Top loading battery pack
- Visible Spectrum
- Large illuminated LCD
- Removable handle
- Left/Right line control and automatic center
- Rugged cast aluminum, waterproof housing
- Stringline attachment
- Beam mode matches beam intensity
- SmartLine® automatic alignment (TP-L4GV/AV/G)

Kit Components
Complete System Components (TP-L4GV Shown)
- 6", 8", 10", 12" leg sets
- 6" to 18" Adjustable Targets
- Single Pointed Foot
- Remote Control RC-200
- NiCad Battery BT-38Q
- Battery Charger BC-25D
- 12Vdc Power PC-17
- Carry Case
TP-L4 Series Pipe Lasers

SPECIFICATIONS

| TP-L4 Series | Auto Line Centering | Yes |
| Auto Grade Zeroing | Yes |
| Plumb Reference | Yes |
| Grade Range | -15% ~ 40% |
| Line Range | ±15% |
| Horizontal Accuracy | ±10" arc seconds |
| Housing Construction | Cast Aluminum |
| Operating Temperature | -4°F~122°F (-20°C~+50°C) |
| Waterproof Depth | At Least 16.5 ft. for 24 hours |
| RC-200 Remote Control | Operating Range from: |
| TP-L4 Front | 660 ft. (200m) |
| Above Panel | 82 ft. (25m) |

Five Year Guarantee
The TP-L4 Series lasers come with a Five Year Guarantee. Topcon is backing up this reliable, accurate laser with the best factory warranty in the industry.

Topcon TotalCare
This online resource comes with real live people ready to help. Get expert training from Topcon University’s large collection of online materials, and expert help directly from Topcon Technical Support.

Access software and firmware updates, current publications, and guidance from the experts at Topcon all right from your computer or mobile device.

Laser Solutions
Topcon offers a host of laser solutions with World-Leading features at an unbeatable price. They’re the perfect general construction lasers for any contractor’s needs. Choose from:

RL-H4C: Next generation self-leveling construction laser
RL-100 Series: High accuracy, high value slope lasers
RT-5SW: Wireless "Smart" slope laser

Accessories
Spotting Scope (red or green filter)  drop Manhole Bracket  Trivet Stand 3
Tripod Adaptor  Transit Tower Assembly

Other Accessories
- T-Bar
- Drop Manhole Battery Pack
- Alkaline Batteries
- Grade Rods
- Tripods
